This benefit shall be subject to a minimum of 105% of Total Premiums Paid till the date of death.

Paid-up Sum Assured will be calculated by multiplying Sum Assured with ratio of total period for which premiums have already been paid to the maximum period for which premiums were originally payable.

The Guaranteed Surrender Value is equal to GSV factors multiplied by the Total premiums paid *plus* Surrender value of the vested reversionary bonuses, if any. The GSV factors will depend on the policy term and the policy year during which the surrender request is made. The surrender value of the vested reversionary bonuses, if any, is calculated by multiplying the vested reversionary bonuses with bonus surrender value factors. For GSV factors and bonus surrender value factors, please refer to the policy document.

Special Surrender Value will be non-guaranteed and based on prevalent regulations and applicable law. Special surrender value will be at least equal to the expected present value of the Paid-up Sum Assured / benefit on all contingencies covered. Any change in surrender value calculation method shall be made subject to prior approval of the Authority.

If premiums are not paid within the grace period and the policy is not surrendered, the policy may be revived for full benefits within a revival period equal to five consecutive complete years from the date of the first unpaid premium while the life assured is still alive. The difference between the vested reversionary bonuses, if any, for an in-force policy and the vested reversionary bonuses, if any for the period during which the policy was in lapsed/ Reduced Paid up state would also get added, on revival.

The revival will be considered on receipt of written application from the policyholder along with the proof of continued insurability of life assured and on payment of all overdue premiums with interest. The revival will be effected subject to the board approved underwriting policy of the company.

The interest will be charged at a rate declared by the company from time to time.
